

WHAT YOU TOLD US ABOUT OUR PARKS

Earlier this year we asked you what you thought about our city's parks, playgrounds, river paths and natural areas.

 (375 people responded, 39% were 30-49 years)

WHAT NEXT?

We're building a plan for the future (not just for next year, but for the next 10) which takes into account all the feedback we received.

We'll also be looking at things like opening up each of the spaces to more diverse use, making them more accessible for all members of the community and building strong community connections, guided by our award-winning Play Strategy.
